DETAILED ACTION

Applicants' amendment filed 8/25/2005 has been entered. Claims 1-19 are now pending.

Allowable Subject Matter

Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance:

In addition to the discussion presented in the previous office action, pending claims are allowed for the following additional reasons.

Nakatsubo et al (US 4,080,045), which was cited in the information disclosure statement filed 8/26/2005, discloses a leached fiber bundle and the process for producing such fiber bundle that is closely related to the presently claimed leached fiber bundle. The fiber bundle of Nakatsubo utilizes plastic fillers at each ends of the fiber bundle, as well as the central, flexible portion of the bundle.

However, Nakatsubo merely teaches that the plastic material is 'injected' and cured in the flexible region, and fails to disclose: drawing a fiber preform, introducing at least one adhesive into the interstices of the drawn fiber by pressure reduction, and then flexibilizing the fiber by removing spacer material as claimed in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
